Funds SA appoints Assistant Portfolio Manager to the Responsible Investment Team

Funds SA is delighted to welcome Kana Thorpe into the newly created role of Assistant Portfolio Manager within the Responsible Investment Team.

Kana has recently returned to Adelaide after spending the second half of 2023 studying a Master of Science (Public Policy and Management) in Pittsburgh, USA.

Prior to this she worked at Duxton Capital in the Environmental, Social, Governance (ESG) team. She led the development and implementation of an ESG strategy across listed and unlisted markets and collaborated with industry groups on human rights and nature.

Commenting on the appointment, Funds SA CEO John Piteo said "The importance of ESG analysis and consideration as part of our investment activities is only increasing. Kana's appointment provides additional depth and expertise to the Investment Team and broader organisation. This is critical in building investment strategies that deliver strong, long-term investment outcomes for our clients."

Note: Funds SA is the investment corporation owned by the Government of South Australia, managing investment portfolios on behalf of South Australia's public sector superannuation funds and approved public authorities across a range of different sectors, with funds under management in excess of \$42 billion.
